

Apple Inc. summary (synthetic, \$ millions)

The table below summarises fiscal-year totals. Each cell is written with a separate text-show operator and right-aligned, which is the common layout pattern that triggers word concatenation and column alignment failures in PDF parsers.

Year	Revenue	Cost	Net Income
2021	365,817	212,981	94,680
2022	394,328	223,546	99,803
2023	383,285	214,137	96,995
2024	391,035	210,352	93,736

Note: this fixture is generated, not from any real filing.
